2026 BEIJING INTERNATIONAL AUTOMOTIVE EXHIBITION

Foreword

With the theme of “**Future of Intelligence**”, 2026 Beijing International Automotive Exhibition (hereinafter referred to as “Auto China 2026”) will be grandly held in Beijing from April 24 to May 3, 2026.

The event will fully utilize all exhibition spaces at both the China International Exhibition Center (Shunyi Hall) and the Capital International Exhibition Center of China, achieving a record-breaking total exhibition area of 380,000 square meters, making it the leading auto show in the world. During the Auto China 2026, the two venues will be jointly operated.

This expansion will address previous limitations on the scale of the exhibition, fulfilling the long-anticipated expectations of exhibitors and visitors. Exhibitors' needs will be better accommodated, while hardware facilities and the exhibition experience will see significant improvements. This development will significantly enhance the infrastructure of the Auto China, propel its upgrade, and further elevate its global influence.

After more than 30 years of development since it started in 1990, the Beijing International Automotive Exhibition (Auto China) has become an important exhibition event for the Chinese and foreign automobile industry and a landmark brand exhibition in China's exhibition industry, and is the highest level of international A-class auto show held in China.

Auto China 2026 will be comprehensively upgraded in terms of both venue hardware conditions and service, and it will surely become a milestone-like auto shows in the global spotlight.

We would like to express our heartfelt thanks to international and domestic automotive enterprises, related industry organizations, the media, and all sectors of society for their longstanding support in the Auto China! We warmly welcome friends from all directions to actively participate in Auto China 2026.

2026 BEIJING INTERNATIONAL AUTOMOTIVE EXHIBITION

Participation Procedure

Exhibitors must complete the Exhibition Application Form (Form 1) and Exhibit List (Form 2) and submit them to **the Secretariat of Beijing International Automotive Exhibition via email (sales@hyexhibition.com)** by October 30, 2025. Along with the application form, exhibitors must provide two copies of their product list and product descriptions. Booths will be assigned in a fair manner based on the order of registration. Exhibitors are encouraged to register as early as possible.

Upon receiving the application form and exhibit list, the Secretariat, in collaboration with relevant departments, will review the exhibits. Once approved, the Secretariat will issue a Confirmation of Participation, the Exhibition Manual, and related materials.

After receiving the Confirmation of Participation from the Secretariat, exhibitors must remit the relevant fees to the designated bank and proceed with booth design and preparation as per the allocated exhibition space.

Technical Seminars and Exchanges

During the exhibition, exhibitors can apply to host seminars on new products, technologies, or processes based on their needs. Details are available in the Application Form for Meeting Rooms and Technical Exchanges (Form 3).

Auto China 2026

2026 (第十九届) 北京国际汽车展览会
